

ISEP welcomes the National Youth Theatre

The **National Youth Theatre** is a world-leading youth arts organisation. Based on Holloway Road, they were established in 1956 as the world's first youth theatres.

Their charitable remit is to give free and affordable opportunities both onstage and backstage to young people aged 14-25 from all corners of the UK. They have nurtured the talent of hundreds of thousands of young people over the last 60 years, as well as commissioning brave and relevant new writing and reinterpreting classic stories, reaching an audience of over 2 billion people from stadiums to studios at national and international events.

We welcome them as ISEP members and look forward to hearing more about their ambitious site development plans.
